

# Bubbles Up

## Jimmy Buffett

When this world starts a-reelin'  
From that pressure drop feelin'  
We're just treading water each day  
There's a way to feel better  
Be well set to weather  
the storms till the sun shines again  
When your compass is spinnin' and you're lost on the way  
Like a leaf in the wind, friend, hear me when I say

Bubbles up, they will point you towards home  
No matter how deep or how far you roam  
They will show you the surface, the plot and the purpose  
So when the journey gets long  
Just know that you are loved  
There is light up above  
And the joy is always enough  
Bubbles up

To my friends who are jolly  
When melancholy knocks  
And sometimes they let her in  
To sit and share stories of flops and of glories  
It ain't half as bad as the bends  
Sometimes livin's a struggle  
Multiply the double  
But they love it too much for the party to end

Bubbles up, they will point you towards home  
No matter how deep or how far you roam  
They will show you the surface, the plot and the purpose  
So when the journey gets long  
Just know that you are loved

There is light up above  
And the joy, there's is always enough  
Bubbles up

Let's pop a cork to the left and the right  
To the bright blazing days  
And the sweet starry nights

Bubbles up, they will point us towards home  
No matter how deep or how far we roam

They will show you the surface,  
the plot and the purpose  
So when the journey gets long  
Just know that you are loved  
There is light up above  
And the joy is always enough  
Bubbles up Bubbles up Bubbles up Bubbles up
