

Gold Skies (feat. Aleesia)

Sander van Doorn, Martin Garrix & DVBBS

See the smoke when the sun shines
We will forever be faded under gold skies
Captivated in your cold eyes
We will forever be faded under gold skies See the smoke when the sun shines
We will forever be faded under gold skies
Captivated in your cold eyes
We will forever be faded under gold skies Coming up, coming down
Look at all this love we found
Just the sun, feel me now
We will live forever Coming up, coming down
Look at all this love we found
Just the sun, feel me now
We will live forever
Coming up, coming down
Look at all this love we found
Just the sun, feel me now
We will live forever Coming up, coming down
Look at all this love we found
Just the sun, feel me now
We will live forever Coming up, coming up, coming up
Coming up, coming up, coming up
Coming up, coming up, coming up
Coming up, coming up, coming up... We will forever be faded under gold skies Coming up,
coming down
Look at all this love we found
Just the sun, feel me now
We will live forever
Coming up, coming down
Look at all this love we found
Just the sun, feel me now
We will live forever Coming up, coming down
Look at all this love we found
Just the sun, feel me now
We will live forever Coming up, coming up, coming up
Coming up, coming up, coming up
Coming up, coming up, coming up
Coming up, coming up... We will forever be faded under gold skies We will forever be faded
under gold skies
