

# Ray Ban Vision

## A-Trak

[Intro: CyHi The Prynce]

Whassup shorty? Who is you?

Oh nigga what's up, man

I couldn't even see you

I'm in this bitch chillin' like Stevie Wonder

[Hook]

I got Ray Ban vision, these ain't no prescriptions

I see you haters coming niggas don't think that I'm slippin'

I got Ray Ban vision, I wear 'em when I'm whippin'

I wear 'em when I'm fucking all my women think I'm trippin'

I got Ray Ban vision

I got Ray Ban vision

I got Ray Ban vision

I got Ray Ban vision

I got Ray Ban vision

This how I'm living, the only time I'm looking you in the eye

If we doin' business

I got Ray Ban vision

[Verse 1: CyHi The Prynce]

I'm back up in this, feelin' tremendous lenses darker than the tint on my benzes

I got ya bitch flippin' like a gymnast

She told me take my glasses off but she looks horrendous

Caravans on my face lookin' vintage, 3 pair of these bitch, cost what your rent is

Niggas wasn't wearin' these, now it's a trend shit

I had my first pair of Ray Bans when I was ten tricks

Prynce is lookin' like a pilot out the air force

Came to the club fresh up out the airport

I'm like Tom Cruise I'm from Top Gun (Why?)

Cause they know that's where I'm at, plus I got one

I keep my shades on in the hot sun

Old school Datsun, stunt so hard it's not funny

I'm with the playboy bunny and she's still a dime

Even when her hair is not done

[Hook]

I got Ray Ban vision, these ain't no prescriptions

I see you haters coming niggas don't think that I'm slippin'

I got Ray Ban vision, I wear 'em when I'm whippin'

I wear 'em when I'm fucking all my women think I'm trippin'  
I got Ray Ban vision  
I got Ray Ban vision  
I got Ray Ban vision  
I got Ray Ban vision  
I got Ray Ban vision  
This how I'm living, the only time I'm looking you in the eye  
If we doin' business  
I got Ray Ban vision

[Verse 2: CyHi The Prynce]

I seen it all through the mirror tints  
I knew a girl who is innocent with just a few friends  
I got my hand in between her legs  
She says boy go ahead, gonna make me have a incident  
Now we intimate, this is how we ended it  
Left the restaurant now I'm in her mouth like a dinner mint  
We started in a parking lot and finish at my tenement  
Shorty had a reason, my pimpin' was legitimate  
I tore that pussy up like a ligament  
She don't like her man so she asked me for deliverance  
I sit back with my Ray Bans on  
I say it ain't my fault that you in that predicament  
Cause I treat hoes like Ray Charles  
Looks ain't shit, that's how I play ball  
As long as they take off they draws  
And the whole time we did it I didn't take my shades off

[Hook]

I got Ray Ban vision, these ain't no prescriptions  
I see you haters coming niggas don't think that I'm slippin'  
I got Ray Ban vision, I wear 'em when I'm whippin'  
I wear 'em when I'm fucking all my women think I'm trippin'  
I got Ray Ban vision  
I got Ray Ban vision  
I got Ray Ban vision  
I got Ray Ban vision  
I got Ray Ban vision  
This how I'm living, the only time I'm looking you in the eye  
If we doin' business  
I got Ray Ban vision

[Outro]

I can't see, I, I can't see  
I got Ray Ban vision, these ain't no prescriptions  
I see you haters coming niggas don't think that I'm slippin'  
I got Ray Ban vision, I wear 'em when I'm whippin'  
I wear 'em when I'm fucking all my women think I'm trippin'  
I got Ray Ban vision

I got Ray Ban vision  
I got Ray Ban vision  
I got Ray Ban vision  
I got Ray Ban vision  
This how I'm living, the only time I'm looking you in the eye  
If we doin' business  
I got Ray Ban vision
