

# How Many

## Tee Grizzley

[Chorus]

'Cause I ain't ever told on my niggas, dawg  
I ain't ever froze with that pistol, dawg  
How many niggas can say that?  
Keep it real, keep it real, nigga  
How many niggas can say that?  
Be forreal, just be forreal, nigga  
I ain't scared to hit that road and go get it, dawg  
If I put it in my song, then I live it, dawg  
How many niggas can say that?  
Keep it real with yourself  
How many niggas can say that?  
Just keep it real with yourself, be forreal  
And I still got some niggas doin' fed time  
Niggas doin' all day without a deadline  
I came home and you know I held my mans down  
How many niggas can say that?  
Keep it real with yourself

[Verse 1]

How many niggas did they time and came home on some silent shit?  
I never froze with that pistol, I was poppin' shit  
Hit that interrogation room on some quiet shit  
Just get me to a cell with my niggas so we can politic  
And when I hit the county I was tripping on the rock  
They took the TV, I don't care just don't fuck with that clock  
And when I hit the prison yard, I met a lot of plugs  
They saw my paper work and I got a lot of love

[Chorus]

'Cause I ain't ever told on my niggas, dawg  
I ain't ever froze with that pistol, dawg  
How many niggas can say that?  
Keep it real, keep it real, nigga  
How many niggas can say that?  
Be forreal, just be forreal, nigga  
I ain't scared to hit that road and go get it, dawg  
If I put it in my song, then I live it, dawg  
How many niggas can say that?  
Keep it real with yourself

How many niggas can say that?  
Just keep it real with yourself, be forreal  
And I still got some niggas doin' fed time  
Niggas doin' all day without a deadline  
I came home and you know I held my mans down  
How many niggas can say that?  
Keep it real with yourself

[Verse 2]

I hit the road with no L's, that's a real risk  
I tried to smash thirty rollies, that's a real lick  
She put that money on her phone and kept that them letters coming  
I cheated on her, she kept doing it, that's a real Bitch  
And I swear Naqueta she a realest dawg  
Got that money right and she ain't miss a visit dawg  
She said she gon' hold me down and she did it dawg  
How many bitches can say that?  
Keep it real with yourself  
FED's threw the bait you know them lames took it  
I treat my niggas like we came out the same pussy  
I hold my own wait ain't looking for no time reduction  
Only thing I told them bitches was my lawyer number  
I done been through Cincinnati headed to the K  
Really I learned how to drive on them interstates  
Like "Lik wake up nigga, we a hour away"  
If we get into some shit, that nigga know he safe

[Chorus]

'Cause I ain't ever told on my niggas, dawg  
I ain't ever froze with that pistol, dawg  
How many niggas can say that?  
Keep it real, keep it real, nigga  
How many niggas can say that?  
Be forreal, just be forreal, nigga  
I ain't scared to hit that road and go get it, dawg  
If I put it in my song, then I live it, dawg  
How many niggas can say that?  
Keep it real with yourself  
How many niggas can say that?  
Just keep it real with yourself, be forreal  
How many niggas can say that  
Keep it real nigga  
How many niggas can say that ?  
Be forreal nigga  
How many niggas can say that ?  
Keep it real nigga  
How many niggas can say that ?  
Be forreal nigga  
How many niggas can say that ?

How many niggas can say that ?  
Be forreal nigga  
How many niggas can say that ?
