

Few Times

Aer

[Hook: Carter Dave]

Few times you've been

Walkin' through my front door

Spend my money but I'm

Slowly makin' back more

Never knew I had

Time to even the score I let you take all I had to give

[Verse 1]

But I'm not a soldier, a gangster and I've reached the
point of leaving

I never thanked you for making up my mind

I just don't have the time, girl you act like a child

So don't expect me to wait for you, oh no

Now I feel like I've won I, that's right

Comin' out the trouble, after massive attack

I'm pullin' myself up from the rubble

Never end up face down, my heart in her hands again

I'mma pas my love to crowds and spill my soul out with
this pen

And I can't be walked upon, well I've had enough

Let you win at mini golf, bitch you can't even putt
Thought I'd take a bullet for you, thought you're worth
my blood

It's obvious you'll never notice what's up girl

[Hook: Carter Dave]

Few times you've been
Walkin' through my front door
Spend my money but I'm
Slowly makin' back more
Never knew I had

Time to even the score I let you take all I had to give

Let you take all I had to give

Let you take all I had to give

[Verse 2]

I've been done with your bullshit business since this
kiss stopped what I want
90 percent of the hours consisted of you pissed, only
10 of love

Had to cut her rope (snip), layed out upon the hammock

Got out there quick like a qualified bandit

And I've been searching for a fresh new twist

Finally have them keys to rid them cuffs around my

wrist

I can be on my way, you got no words to say
That can change my mind, I'm not playin' games

[Hook: Carter Dave]

Few times you've been
Walkin' through my front door
Spend my money but I'm
Slowly makin' back more
Never knew I had
Time to even the score I let you take all I had to give

All I had to give (all I have to give)

Was taken relentlessly

And all I wanted to gain (all I wanted to gain)

Washed right away with this evening's rain

And all I had to give (all I have to give)

Was taken relentlessly

And all I wanted to gain (all I wanted to gain)

Washed right away with this evening's rain

[Hook: Carter Dave]

Few times you've been
Walkin' through my front door

Spend my money but I'm

Slowly makin' back more

Never knew I had

Time to even the score I let you take all I had to give
