

# If You Say Go

## Blanca

I've been standing on the edge of the ledge so afraid of falling  
un sure unsecure how could I be the one your calling  
but I can hear your voice I know you brought me here  
and I will make the choice to believe and not fear  
If you say go in not gonna wait  
If you say move I wont hesitate  
what ever it is that your taking me to im gonna trust in you  
If you say go if you say go  
every thought every goal every dream  
cant compair to your plans so every breath every need  
everything that its all in your hands  
oh I can hear your voice I know you brought me here  
and I will make the choice to believe and not fear  
If you say go im not gonna wait if you say move  
I wont hesitate where ever it is that your taking me to  
im gonna trust in you  
if you say go if you say go  
your before me behind me your every wear with me  
I know im never never alone  
so were ever you lead me GOD thats were im gonna be  
if u say go your before me behind me every were your with me  
I know im never never alone so were ever you lead me  
GOD thats were im gonna be  
if you say go woah yaaa  
if you say go im not gonna wait if you say move  
i wont hesitat were ever it is that u takeing me to  
I wanna follow you trust in you  
if you say go if you say go if you say go  
thats were I wanna stay if you say go
