

# I Adore You (feat. Natalie Williams)

## Goldie & Ulterior Motive

When all is said is done  
After the run we've had  
Let me be the one  
I'll be there for you  
Better to let, better to let you know I was a fool in love  
Just enough to want you more I adore you  
And I'll never let you go  
I adore you When all is settled dust  
After the storm has passed  
Let me be the one to shine on you  
Better to let, better to let you know I am a fool in love  
Just enough to want you more I adore you  
And I'll never let you go After the run we've had  
After the tears we've cried  
On all those lonely nights  
I still want you in my life  
I see you in my mind  
And now the sun don't shine  
And I'm just getting by  
So why can't you be mine?
