Sarah Silverman

I love you more than bears love honey

I love you more than jews love money

I love you more than asians are good at math

I love you even if it's not hip

I love you more than black ppl don't tip

I love you then portericans need baths

I love you more than girls love dolls

I love you more than dogs love balls

I love you more than the white stuff in a zit

I love you Like Gary Busey

I love you more than dikes love pussy

I love you more than my aftershow monster bong hit

Jewish ppl driving german cars

Jewish ppl driving german cars

Jewy ppl buying german cars

What the cock is that shit?

But maybe it's like take back the night

Maybe it's like how bleeding hearts grow old and swing to

the right

Maybe it's like when a faggot calls himself a faggot

Jewish ppl driving german cars

It's the opposit of fubu...

But maybe it's patty herst siding with her kidnappers

Maybe it's south african miner killing diamond wearing

gangster rappers

Maybe it's like when black guys call each other niggers
