

Feel Your Love (feat. Jamie Lewis)

Flux Pavilion & NGHTMRE

So I just wanna let you know,
(So I just wanna let you)
So I just wanna let you know,
(So I just wanna let you know)
So I just wanna let you know,
So I just wanna let you know,
So I just wanna let you know,
I can feel your love,
I can feel your love,
I can feel your love,
I can feel your love,
I can feel your love,
(Love, Love, Love, Love, Lalalalala)
Feel your love,
Feel your,
Feel your,
Feel your,
Feel your love, love, love, love, lalalalala,
Feel your love,
Feel your,
Feel your,
(So I just wanna let you)
(So I just wanna let you)
(So I just wanna let you know)
I can feel your love,
Yet can't get enough,
I can feel your love,
Yet can't get enough,
I thought that you know,
That feeling in my soul,
And I'm gonna show what I mean tonight,
I can feel your love,
Yet can't get enough,
I can feel your love,
Yet can't get enough,
I thought that you know,
That feeling in my soul,
And I'm gonna show what I mean tonight,
I can feel your love,
I can feel your love,
I can feel your love,
I can feel your love,

I can feel your love,
(Love, Love, Love, Love, Lalalalala)
Feel your love,
Feel your,
Feel your,
Feel your
INSTRUMENTAL.
