

Lemon Water

Chris Travis

[Hook]

What's my name, say my name
I'm young Kenshin, I bring the pain
Like the game, you niggas lame
I'm doin' me, don't know your name
She say hey, I said wassup
Where you at, can we fuck?
Bitch I'm shining, sparkle Limón
Water diamonds, lemon water

[Verse 1]

Ride with no fuckin' ID, but them motherfuckin' big bands on me
I might be sayin' nigga shawty sweat dreams, lookin' at my mouth it make you squirt like chow
ching

Blow bling, neck teams
Got that bitch wet like a submarine
That is me
Cause I'm in her
Rich nigga
Don't eat dinners
Bitch I'm starvin'
Need a billion
If I don't get it
Then I fail
And I don't fall
Like the air
If you don't get it
I don't give no fuck bitch (laughing)

[Hook]

What's my name, say my name
I'm young Kenshin, I bring the pain
Like the game, you niggas lame
I'm doin' me, don't know your name
She say hey, I said wassup
Where you at, can we fuck?
Bitch I'm shining, sparkle Limón
Water diamonds, lemon water

[Verse 2]

Why these bitches actin' like they got it
Thousands in my pouch boy I don't even have a wallet
You sleepin' on the couch and you talkin' like you bossin'
Niggas need to think right before they speak often
Bitch I break the internet without any market
Waterboyz bitch we a motherfuckin' army
Had the club droppin' like everybody comin'
Bitch I can't respond cause you see a nigga workin'

[Bridge]

See a nigga workin', whats my name
Say my name, say my name (Kenshin)
What's my name? (Kenshin)

[Hook]

What's my name, say my name
I'm young Kenshin, I bring the pain
Like the game, you niggas lame
I'm doin' me, don't know your name
She say hey, I said wassup
Where you at, can we fuck?
Bitch I'm shining, sparkle Limón
Water diamonds, lemon water
