[Verse 1]

Most of them wait for the drop  
Not me I'm in straight from the top  
Wiley and MJ Cole  
Them names are gone ring the bells and then off  
I don't need syrup, I ain't got a cough  
Wanna box? Got eight in the loft  
I should be on the TV much more  
I know I got a face, what's what  
It's a must to elevate and take that shot  
If I score then I'm gonna be at the top spot  
My flow, top notch  
My lyrics, top notch  
Might see me and I ain't got a watch  
And I don't fear no one, I ain't gotta watch  
Watch what? Test who?  
I ain't part of a bulletproof vest crew
