

Riot

2 Chainz

Damn right they got it
I say lame niggas be quiet
Lame niggas be quiet
Lame niggas be quiet
You in the presence
I say lame niggas be quiet
Lame niggas be quiet
Lame niggas be quiet
You in the real presence
I eat your girl up for breakfast
Won't save you no extras
Say she fucking with me
Cause a real nigga is her preference
Drinking like I'm from Texas
And you know I stay flexin
And if you don't know
I go by tity two necklace Damn right I got it
Damn right I'm bout it
Click full of killers
Please don't get us excited
Yea I'm smoking loud
So lame niggas be quiet
If you fuck with us
We gonna start up a riot
I'm a start a riot I ain stunnin dese niggas
I ain stunnin dese bitches
2 cigar rellos
look like extension
Yeah I'm from the south side

her mouth wide
My pack loud
My gat loud I back out
And click clack pow pow
Court dates Still Trial
My rep is a reptile
Now later, alligators
I step on a work like a step child
Pimp up, hoes down
Make your girl pull her clothes down
Her hair down and I'm down
Her phone off so don't dial
Dis right here is dat no style
I don't know how I do the shit
I'm true to this
True religion
They takin swag with no permission
All year it's Gucci season
Gs on my belt buckle
Cocaine on my left knuckle
Kill your barrel wats left of you Damn right I got it
Damn right I'm bout it
Click full of killers
Please don't get us excited
Yea I'm smokin loud
So lame niggas be quiet
If you fuck with us
We gonna start up a riot I'm a start a riot
I'm a start a riot
I'm a start a riot
I'm a start a riot
I'm a start a riot
I'm a start a riot
I'm a start a riot
I'm a start a riot
