

# Go Hard (feat. Tedashii)

Lecrae

Go hard (go hard)  
Or go home (go home)  
Go hard (go hard)  
Or go home (go home)

Lord use me  
Lord use me  
Lord use me

Lord use me Lord, kill me If I don't preach the gospel  
I'm still in my twenties, but I'll die if I got to  
Eh man, I'm already dead, man, forget my flesh  
I done been crossed over, see the full court press  
I'm a full court mess if the Lord don't use me  
Running from my trials thinkin' everything's groovy  
If the cross don't move me then I don't wanna breath no more  
If I ain't seeing Christ, partner, I don't wanna see no more  
Rep Him every day without worrying about a bruising  
I been to China, man, I seen some real persecution  
If you didn't know Christ, would your life look the same?  
Can they tell you value Jesus by the way you rep his name?  
Man, what's the point of living if I'm living for myself?  
Lord, empty out my life before I put you on the shelf  
So for God, I go hard, I don't wanna die tonight  
But there's too many people living who ain't heard about the Christ  
Go hard or go home

Lord, use me Went to Asia had to duck and hide for sharin' my faith  
They tell me "Water it down" when I get back to states  
They say "Tone the music down, you might sell a lot of records, but it's people out here dying  
and none of 'em heard the message"

Took my wifey on mission trip in Central America  
Shared her testimony, 40 people stood and stared at her  
When she said Jesus, should have seen, it was insane  
Cause 40 out of 40 never heard of Jesus name  
Oh man, we ain't focused on the war we just kickin' it  
Worried bout our image and our space up on the internet  
Take me out the game coach I don't wanna play no mo  
If can't give it all I got and leave it out there on the court  
Thank you for the Grace for the will and the desire  
Got me living for your glory stead of living to retire  
But I pray I'll never tire of going hard for Messiah  
I don't need no motivation, You the reason I'm inspired  
Go Hard for the Lord baby 'til He takes us home  
Go Hard for the Father baby go on get it on

That's what that is baby, that what that mean, that what that mean  
That what That is baby, That what that mean, that what that mean  
Wha-What that mean?

That mean that we, should be out up in the streets  
Not just in houses with our bible's summarizing what we read  
Man this ain't deep (man this ain't deep), why we ain't doing what we read  
Its like we sleep (its like we sleep)  
But sinners sleepwalk when they sleep  
So why can't we (so why can't we), the redeemed of the LORD  
Act out, what He said, and make a scene for the LORD  
Action-cut, say what, like we was the director  
But you better get a Grip like movie sets, and get to stepping (Martin)  
I know you done it da-done it, da-done-and heard it all  
You was going hard for the Lord before you heard this song  
But don't play yourself to save ya self and walk in fear  
Scripture's like a mirror, the truth is closer than it appears
