

Holla Out (feat. Snails & Taranchyla)

[Skrillex & Diplo](#)

We're just here, having a good time
With this music ghetto youths on the grind
This is our sin or our salvation
Music is my life, not just my occupation
Holla out in the clubs
We're just here, having a good time

With this music ghetto youths on the grind
This is our sin or our salvation
Music is my life, not just my occupation
We're just here, having a good time

With this music ghetto youths on the grind
This is our sin or our salvation
Music is my life, not just my occupation
Holla out in the clubs
