

# Plz Don't Go (feat. Jhené Aiko)

## Cashmere Cat

Let's stay until the last light fades, ayyyy  
Let's stay until the last light fades, ayyyy  
Let's stay until the last light fades, ayyyy  
Let's stay until the last light fades We've come from so far away  
And right now, I think we should stay  
You know there's so much more to see  
So don't go home without me Please don't go home, please don't go  
Please don't go home, please don't go  
Please don't go home, please don't go  
Please  
I'd like to ride it, ride it  
I'd like to ride it But let's stay until the last light fades  
Let's stay until the last light fades  
Let' stay until the last light fades, ayyyy  
Let' stay until the last light fades, ayyyy  
Let' stay until the last light fades, ayyyy  
Let' stay until the last light fades, ayyyy  
Let' stay until the last light fades, ayyyy  
Let's stay until the last light fades  
I'd like to ride it, ride it  
I'd like to ride it  
Alright I just wanna go wherever you go  
I just wanna follow
